

## BOAT STORAGE PROCEDURE AND RULES

October 2020

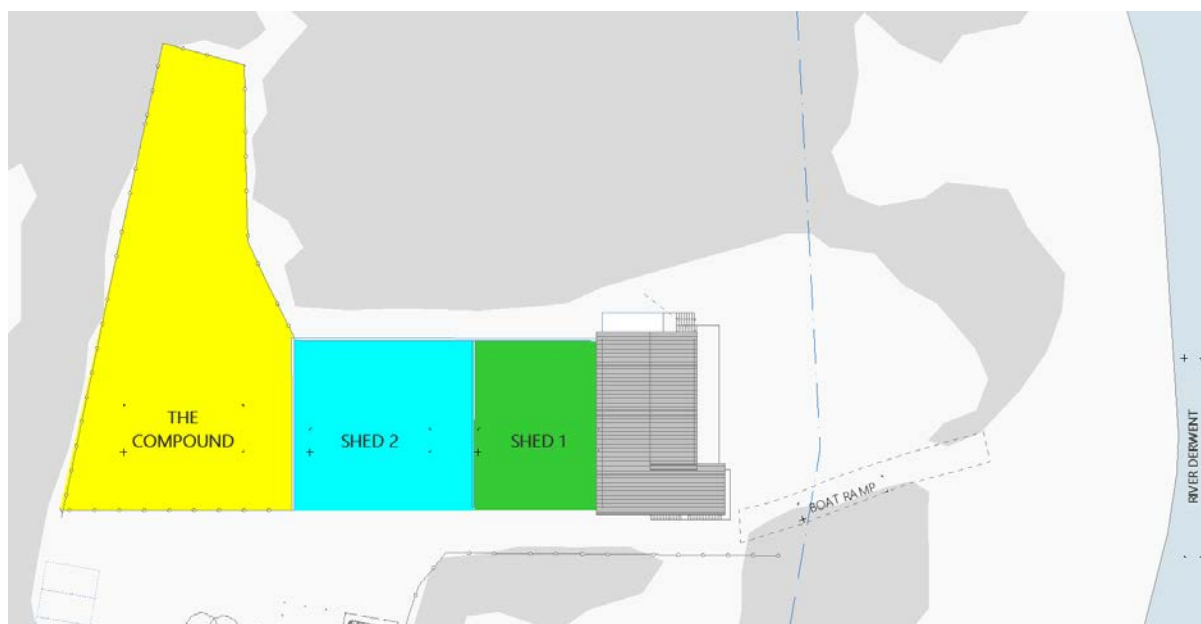

### GENERAL SHED RULES

1. Boats without allocation stickers may not be stored in the shed.
2. No boats may be stored in either shed if not in their allocated rack. Any boats left out on the 'floor' of the shed will be tagged and removed to the compound without further notice 7 days after being tagged.

### ALLOCATION OF RACKS

Sailors with boats that are registered for our midweek program will have priority over others.

The club has been set up with the following storage areas. Shed1, Shed2 and The Compound.

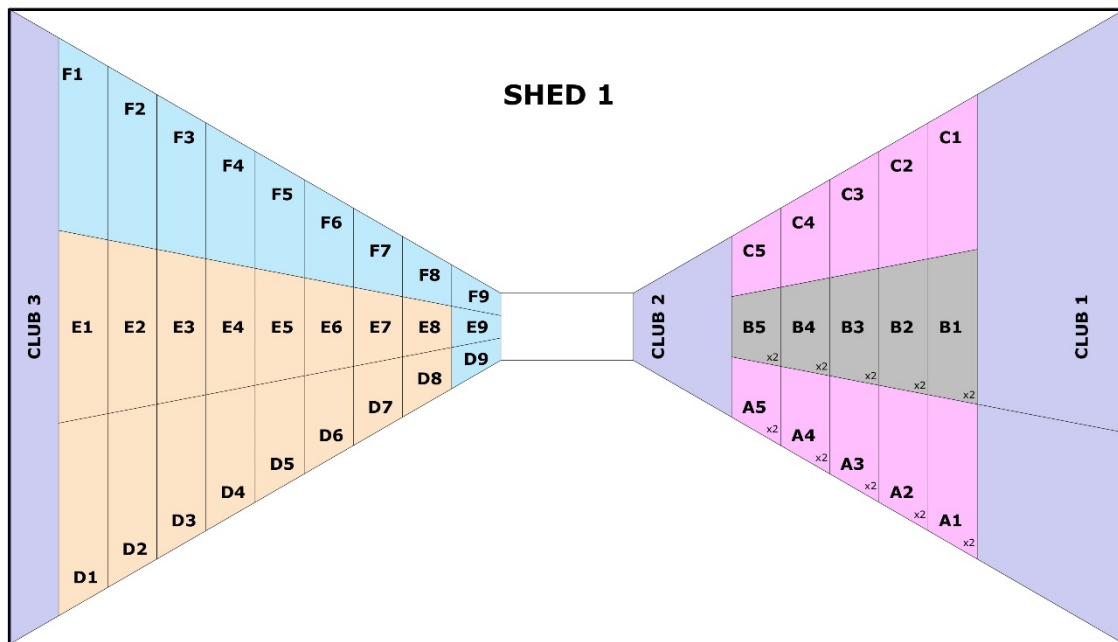

Each area will store the below classes of boats only;

Shed1 – optimists, club windsurfers and private windsurfers.

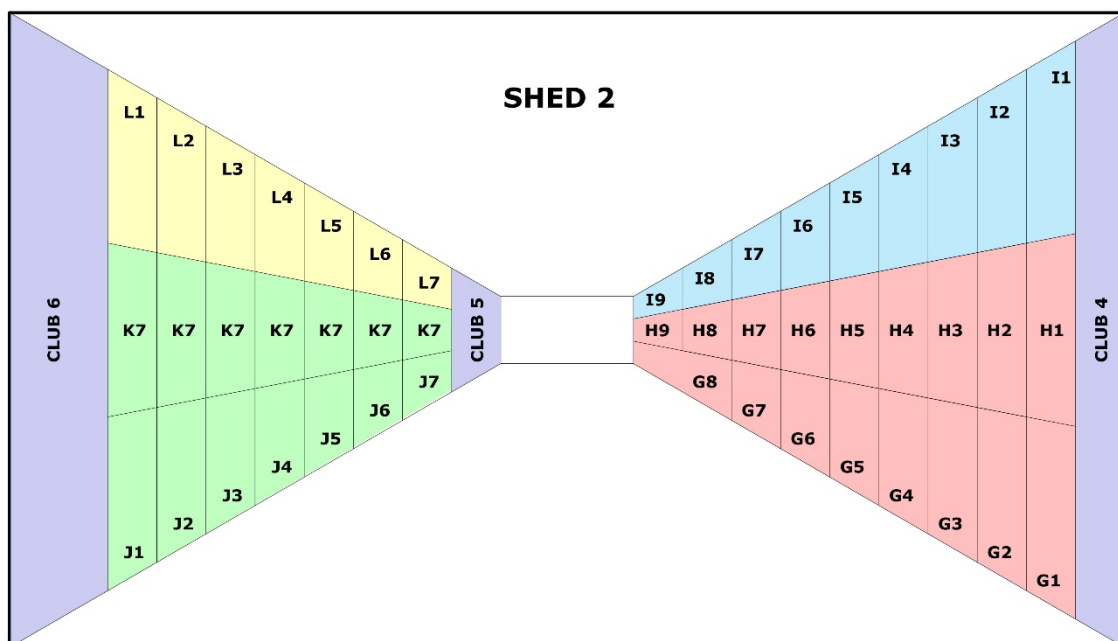

Shed2 - optimists and lasers. High racking for occasional Lasers and long storage vessels.

The Compound - Int. Cadets, 29ers, Wasps, Pacers, Flying 11's and Moths.

Within the sheds, zones based on boat numbers and usage have been set up. Refer below for 2020 zones.

Once a boat has been allocated its position a sticker with that racks number will be supplied by SBSC and must be clearly displayed on the stern of the boat next to the annual boat storage payment sticker.
